

Are You Listening? Addressing the Divine Within

What could be more incredible than the discovery that within you God actually dwells, has always been there and will never leave you. The true discovery of self is the discovery that you are not your body, your mind or anything else you have been taught it is. You are more. So much more it cannot be described with human language. In my own supplications before the God within, my inner self, I am reverent and respectful of others because my awareness of ME unfolds as awareness of everyone on this planet. Everyone, indeed everything, is incredible. I AM, and, So Are You!
