

The Tale of Cloran Hastings

A wave of water in the shape of a clawed hand crashes onto the deck of Wavegrazer. The wheel spins violently; the ship lurches and Clorans men are flung into the sea. As the masts break and the sky goes black, one name flutters across Clorans lips. Adaire....

Cloran has spent his life at sea and is set to retire. He hopes to marry his long-suffering fiance Adaire, but his hopes are dashed when King Bozin sends him on one final journey to the far-flung icy island city of Miotes. This time, however, the Sea is jealous of Cloran, and will never give him up to Adiare freely, but he has no choice, and accepts the mission begrudgingly. One final journey, he tells himself. No matter what happens, it will be his last. Join Cloran, First Mate Lenny, Greaves, Darrell, Turner, Mallory, Richards and Jenkins as they navigate Wavegrazer through icy channels, floating castles, magical islands inhabited with faerie women and deadly reefs patrolled by the evil man-killing crab, Krackaman.
