

Vera Ellen: The Magic and Mystery

Vera-Allen should have been one of Broadway and Hollywood's most enduring stars. She was a fine dramatic and light comedic actress, and was considered by a number of authorities to be the greatest all-around dancer of her generation. And for a brief moment in 1950, she was an American household name, as famous as Babe Ruth, Joe DiMaggio or General Douglas MacArthur. She could do tap, toe dancing, adagio, modern dance (formerly known as dramatic dancing), comic dancing, partnered dancing, prop dancing, Apache dancing and advanced acrobatics. She could also sing well enough to be featured on Broadway and television. Her obsessive perfectionism was legendary; nobody worked harder on a routine or accomplished it with greater attention to detail. Not only were each of her steps perfect but the transitions from step to step were flawless and remarkably beautiful to observe. Like Fred Astaire, who admired her, she had the ability to make each complex routine seem effortless, as if she were expressing herself spontaneously. Vera-Allen's work in films such as *On The Town*, *White Christmas*, *Words and Music*, *Three Little Words*, *The Belle of New York* and *Call Me Madame* will never be forgotten by film musical fans. This much anticipated biography will not disappoint those fans.
